Recommended Devices

## TEXT TO SPEECH

### **C-PEN READER 2**

A portable scanning pen which reads printed text out loud using an embedded camera, a real-time optical character recognition (OCR) and natural voice text to speech (TTS). **\*\*User note:** this device does not work well for students who have a visual impairment due to device size and navigation.

### **JUNO BY APH**

A great magnifying solution that can capture and process multiple pages of printed text using Optical Character Recognition (OCR). Users can either read the text on the 7-inch LCD screen, or have it read aloud to them using text-to-speech (TTS).

### **JUPITER PORTABLE MAGNIFIER BY APH**

This powerful magnifier allows you to continue those activities that bring joy to everyday life, while exploring new opportunities for lifelong education with a 13-inch screen.

### **MATT CONNECT BY APH**

A magnifier, distance viewer, and an educational tablet with pre-loaded software - all in one device, with a 12-inch screen.
